RE: Code 49-6-6006

Public Chapter 49-6-6006, as enacted, specifies that an educator may not teach a course in which an end-of-course examination is required for students to satisfy graduation requirements set by the state board of education, if the educator does not possess a content specific endorsement for the subject area of the course, unless the teacher demonstrates sufficient content knowledge in the course material by taking, at the educator's own expense, and passing a standardized or criterion-referenced test for the content area.

All teachers of record for courses in which there is a state-level, end of course exam must meet one of these requirements on or before 1/1/14:

- A. Hold the subject specific endorsement to teach the course, **OR**
- B. Pass the relevant content assessment indicating sufficient content knowledge.

All teachers who are endorsed in the subject specific content area for the end of course class(es) that they teach **OR** have already taken and passed the relevant content specialty exam are already in compliance with the new law.

End-Of-Course Class	Requirements
Algebra I	<b>5161</b> – Mathematics: Content Knowledge  <b>OR</b> <b>5169</b> – Middle School: Mathematics <i>(educators electing to take this test <b>must</b> also attend a state-approved training in Algebra I in accordance with TN State Board Rule)</i>
Algebra II	<b>5161</b> – Mathematics: Content Knowledge
Biology	<b>0235</b> – Biology: Content Knowledge
Chemistry	<b>0245</b> – Chemistry: Content Knowledge
English I, II and III	<b>5038</b> – English Language, Literature and Composition: Content Knowledge
U.S. History and Geography	<b>5941</b> – World and U.S. History: Content Knowledge  <b>OR</b> <b>0921</b> – Geography

\*Due to the fact that neither Core Math, nor Geometry will have end-of-course exams associated with them, these courses have been removed from the list of courses subject to code 49-6-6006.
